

## The 3rd Canadian Semantic Web Symposium (CSWS2011) – Aug 5, 2011.

**Event Location:** Michael Smith Laboratories (Room 101).

University of British Columbia (UBC), 2329 West Mall Vancouver, B.C., Canada V6T 1Z4

Time	Event
8:30 – 9	<i>Registration</i>
9-10	<b>Invited Speaker</b> Dr. Dragan Gasevic: Evidence-based Semantic Web: Just a Dream or the Way to Go?
10:00-10:30	Towards Evaluating the Impact of Semantic Support for Curating the Fungus
10:30 – 11	<b>Coffee Break</b>
11 – 12	<b>Invited Speaker</b> Dr. Harold Boley: The Social Semantic Subweb of Virtual Patient Support Groups
12-12:30	Ontology based Text Mining
12:30-13:30	<b>Lunch</b>
13:30 – 14:30	<b>Invited Speaker</b> Dr. Csaba Huszka: The “Semantic What” ? Doctors’ reaction to an emerging discipline - A physician’s note to the technical guy.
14:30 – 14:45	Development of Research Proposal Maps through Semantic Information Extraction
14:45 – 15	Towards Integration of Semantically Enabled Service Families in the Cloud
15 – 15:30	<b>Coffee Break</b>
15:30 – 16	Social and Semantic Computing in Support of Citizen Science
16 – 16:15	SADI for GMOD: Semantic Web Services for Model Organism Databases
16:15 – 16:30	An Ontological Approach for Querying Distributed Heterogeneous Information Systems
16:30 – 17	Leveraging SADI Semantic Web Services to Exploit Fish Ecotoxicology Data
17 – 17:15	<b>Break</b>
17:15 – 17:45	Unresolved Issues in Ontology Learning
17:45	<b>Round Table</b>
